

**Resuscitation
Council UK**

PILS

Certificate

Name:

GDC Number:

Course attended: Paediatric Immediate Life Support

Date:

Aims

To provide high-quality, scientific, knowledge and skills for those who may have to act as first responders and treat seriously ill children or children in cardiac arrest until the arrival of a cardiac arrest team.

Objectives

- Recognise and treat the seriously ill child using an ABCDE approach
- Treat children in respiratory or cardiorespiratory arrest until the arrival of a resuscitation team or more experienced assistance
- Promote active membership of a paediatric resuscitation team.

Learning content

This course is intended to create an understanding of managing deteriorating children and resuscitation practice to reduce potential risk factors to both patients and members of the dental team.

Development outcomes

This course meets the criteria for the GDC's development outcomes C.

CPD

7.5 CPD hours awarded.

This certificate is only valid when accompanied by a current Resuscitation Council UK course certificate. The information provided on this certificate is full, accurate and subject to assurance by:
